### **BAT EARS CHAIRMAN'S REPORT**

It does not seem five minutes since I was writing my last Chairman's report, or, come to that the one before; time stands still for no man I think the saying goes.

We have had a very successful year so far and I would like to thank you very much for all your support especially with the excellent attendances at the April open show and Championship show.

I am very sorry that I was unable to attend the Championship Show, personal circumstances prevented me from doing so. However, as I stated, the show was a success and, as with all our events, that would not be possible without your continued support.

At the time of writing, the next two events are a judge's seminar at Penkridge and then our open show also at Penkridge and I hope to see you at one of these.

Your Committee is very conscious that unless you are interested in a Judges Seminar or a Health Seminar, apart from the shows, you do not receive, in return, an awful lot. For this reason, we are going to plan a social event, which we hope you will all be able to attend. Our dilemma is what to organise. This is where you can become involved, by putting forward your ideas. What sort of event would you like, where, and when?

Please do not put this on 'the back burner', we need to start planning and arranging this in the very near future. We have a limited number of committee meetings a year and these things take time.

A major expenditure we have incurred is the new web site. This web site is not 'etched in stone', therefore if there is anything you think that needs looking at please tell your committee. Conversely, positive comments are always welcome.

This is also applicable to any aspect of the Club and I cannot stress enough, it is your club, your say matters.

Lastly, please think forward to CRUFTS and DISCOVER DOGS. If anyone can assist at this event please contact a committee member, we will be arranging attendees in the very near future. The days on which we experience a problem are those when our breed is not showing. So please, come along and support the club.

May I take this opportunity to wish each and every one of you a very happy Christmas and prosperous new year.

*Tim Griffiths*  
Chairman.

## EDITORS LETTER

Thank you to all those who have continued to support and encourage us through our first year, we are very grateful. We always need more articles, although once again we have had to hold over a couple until next time; these were similar to ones already received. Please do send us your contributions – it would be good to have pieces covering subjects such as the breed standard, judging etc. as well as stories of your Frenchies.

We appreciate the non-breed specialists on our judges A list who have contacted us with their thanks for sending Bat Ears to them. Once again I would say that your contributions about the breed would be more than welcome.

Any suggestions (legal and moral!) from members about what they would like to see included in Bat Ears would be most welcome.

Sadly we have lost two members since our last edition, and they are both missed. To Bill, Mabel's husband since 1945, we send our sincere condolences. Bill tells me his best pal now is Mabel's last Frenchie, a rescue called Frodo. To Berit's family also our sympathy; Berit was taken from us far too soon.

The club has just held a very successful Judges Seminar which will hopefully give us lots more people to add to our lists in the very near future. As Tim has said, we hope to have at least one event for the non-show, non-judging members next year – although of course, everyone will be welcome.

I hope the Ben de Lisi fans have found the news items in Debenhams. Since we featured the Ella range in the last Bat Ears, Ben's fawn pied dog Noah has joined Ella, and he features on mugs, cushions, umbrellas, purses, key rings and so on.

Producing Bat Ears is quite an expensive exercise for the Club, so we hope you continue to enjoy it. Again, thank you to those faithful and supportive members who send us advertisements and donations.

May you and your Frenchies have a peaceful Christmas and every good wish for a happy and healthy 2011 from the M&NCFBC Officers and Committee.

The Bat Ears Team.

**BERIT SKATTKJAER**

Berit was, at the time of her death, Norway's longest standing breeder-exhibitor. A friend to a lucky few in this country, she loved our clubs, our Frenchies and her visits to our shores. Her close friend Kari Bjornsen writes:

My best friend Berit Skattkjaer died 20th August 2010 at only 54 years old. It is not solely my loss; she will be missed and remembered by French Bulldog people and other dog lovers. She started in Frenchies in 1980, her prefix was Anbetris and she was active in the breed until the end. I bought my first Frenchie from her in 1985 and later she bought a few dogs from me. We worked closely together for the breed, and shared visits to shows and trips around the world.

Berit was a very active lady; full of energy, enjoying sports and long walks in the mountains and on the beaches with her Frenchies. She was never dull, always full of fun, radiating happiness and humour. She had such a warm personality, her home was always

welcoming, and she cared deeply, not only for her dogs, family and friends, but also for all her puppy-buyers who remained friends for life.

She was a proud lady, honest, forthright, charmingly stubborn, completely loyal to her friends and constantly optimistic. Always in full control of her Frenchies and their well-being she was totally absent minded over minor things, like handbags, purses, car keys, ring numbers and which dog was entered in which class! This was a part of her charm and she was always surrounded by helpful, smiling friends. During her final illness and her great battle against cancer her first thoughts were for her children, grand-children and dogs. Everything was taken care of, and she was able to have her Frenchies with her almost to the end.

She leaves an enormous gap in our lives and she will always be missed. Thank you Berit for being just the one you were.

I can only re-iterate what Kari has said. I first met Berit in 1984 when I judged the Swedish FB club show at Stockholm Int. and made her fabulous Int. Ch. Marikarlos Har Kommar Moa BIS. We became friends – as close as people living in different countries can be. All my memories of her are of a smiling lady, always full of fun, who had a deep knowledge of dogs and a lasting passion for our breed. It is so hard to imagine life without her.

*Maureen Bootle*

## **OBITUARY**

MRS MABEL BURLEY

The French Bulldog world were all saddened to hear of the death in August of Mabel Burley, following a long illness.

Mabel was in the Auxiliary Territorial Service during World War 2, and served in Belgium and Germany. During this period, she met her husband Bill, who was in the Navy. After the war, they moved to a small village outside St Austell, Cornwall.

Mabel acquired her first French Bulldog, from the late Phyllis Bray, a pied bitch called Camelview Cathy who did a lot of winning in Obedience classes. Her first champion Frenchie was a beautiful brindle boy from the late Rosemary Young, Rhindog Hurricane Harry. Harry as he was known, was a little cracker, though a rascal, but Mabel just knew how to handle him. I'll always remember him, as when I was awarding tickets for the first time at Birmingham Championship show in 1988, he caught my eye as the most outstanding dog of the day. I awarded him his third CC that day, thus making him Mabel's first Champion. Fond memories of that day 22 years ago! Bill, her husband of many years was involved in Bloodhounds, though Mabel's interest was always Frenchies. She also awarded CC's in the breed for some considerable time, and it was enjoyable to have her judging our breed.

Mabel was a founder member of the

St Austell DCA, and then took on the role of Secretary for many years and latterly the President. She was also Secretary of the Royal Cornwall Agricultural Society, where she took this role very seriously. Mabel worked tirelessly on the 'dog scene', and her sense of duty to the people and their dogs was timeless.

A packed church of all her friends and family attended Mabel's funeral on August 20th. I was privileged to attend, and to represent both French Bulldog Clubs. Philip Stemp, also attended, in a personal capacity, and joined with us all in the service to celebrate her very diverse and happy life. Mabel's 'fuller than life' character will be sorely missed in the Frenchie world. Our thoughts go out to Bill and their son, at this sad time.

She excels in front and rear quarters, with super hind angulation, which many were lacking. Still retains her super dark mask which accentuates her lovely head. Sadly was not so keen in moving with any oomph today but this lady is a beautiful bitch. Best Veteran In show. 2 Keates' Ch Nokomis Clear 'N' Sunny Waters JW ShCM. 8 years old. Different in type to winner being a little longer cast to winner. She was very fit and excelled in her shoulders and top line. Well handled. 3 Harrisons' Tommyville Thora Thorndyke. 9 year old Fawn lady with good dark mask. ## THERAPET FRENCHIE

Topaz, who is owned by Margaret Souter was assessed and passed to be a Therapet (the Scottish equivalent of Pets As Therapy) last year. She visits a local hospice fortnightly. The hospice has 30 long term elderly patients and 30 beds for terminally ill patients. Topaz works mostly with the long term elderly, who love to touch and stroke her

They talk about the dogs they used to own, or still have, being looked after by their family. Topaz really enjoys the attention and cuddles, and especially the cake and shortbread biscuits! She returns home tired, but happy.

# Arnies story

Arnie was five weeks old when he was taken to the vets by his breeder to be put to sleep. The vet refused to euthanize a healthy puppy and the French Bulldog Welfare Trust was contacted. I travelled to Bridgend in Wales with a friend to collect him and bring him home.

When we got there he was sitting very quietly in his cage in the vets. I expected a shy timid little puppy, frightened of his surroundings, what I got was a lovable bouncy beast.

The minute I held him in my arms I fell in love with him, he had his own carrier and came with a little teddy bear to cuddle up to. The minute I cuddled him in the car and as much as I tried not to, I fell in love with him. On the way home we stopped for a toilet break, we found a bit of grass and put him down. I expected him to just sit down and not want to move. No not Arnie! He found a bee to sniff and tried to eat it. Finally home and settled him in, he had a rough time to begin with, sneezing and a runny nose and other minor issues which kept him on a long course of antibiotics. He settled in well and my other dogs and the cats accepted him into the family. He

initially bumped into things and had typical puppy accidents in the house. Now he rarely bumps into things and has outgrown the accidents. He can get himself up and down from the sofa and out into the garden when he needs to go to the toilet. Outside he runs around like a lunatic chasing Theo my other Frenchie or one of the cats. He is hilarious. The other day he was out in the garden and I couldn't see him. I shouted for him to come in and he appeared from behind a tree with a wood pigeon in his mouth. You could see he was well pleased with his little self. I was not.

I had only expected Arnie to be with me a couple of months and I was happy to prepare him to go to his new life with a loving family, but the longer he stayed the harder it was getting to convince myself that it was best for him to go to a new family. In the end I couldn't let him go.

The fact is Arnie is totally blind. I know that, you know that, but Arnie doesn't. He is a happy bouncy confident loud and totally wonderful little dog. He has no idea he is different, and, except for his blindness he isn't.

Arnie is just one of fifteen Frenchies rescued, treated and placed with a loving family this year. We are able to do this with the help of those Trust members and others who love our breed and want to help. Why not become a 'Frenchie Friend' and join us at the FBWT all help is gratefully received no matter how small.

The French Bulldog Welfare Trust  
**Registered Charity No.287420.**

Ten years ago the French Bulldog as a breed was still quite a rare sight in Britain's streets and homes. There were a number of reasons for this; firstly the small numbers of Frenchies being bred and registered at the time, usually by dedicated breed enthusiasts who were very careful about breeding and placed their puppies with like minded people. Secondly, the almost none existence of imported Frenchies, due to quarantine, and finally, but most importantly, because the breed managed to stay beneath the radar of most of the UK puppy farmers.

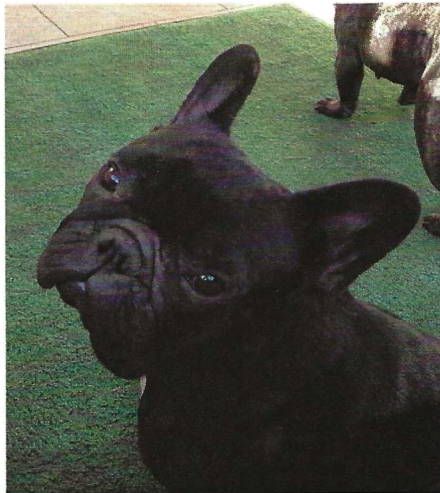

However, even during this time, the French Bulldog Welfare Trust which had been created some fifteen years earlier by a small number of volunteers still had to quietly deal with unwanted or poorly treated Frenchies from around the UK. Unfortunately the anonymity of the breed in the UK has been eroded in recent years due to their use in TV adverts and programs, and association with celebrity life styles and fashion items. Like many other breeds who have been the 'flavour of the month' (Boxers, Dalmatians, Labradors), it has created a sudden interest and a market not only within the general public but also for the puppy farmers. The number of Frenchies registered with the Kennel Club in the last few years has almost trebled. Imports have also risen due in some cases thanks to the introduction of the pet passport scheme. Some of these imported Frenchies come from countries which do not have the breed health and welfare systems in place that we have in the UK. Though some try their best to only import from tested bloodlines and reputable breeders, puppy farmers and their like care very little for the medical problems their imported dogs may bring with them. This situation can and has only placed more Frenchies in need of the services provided by the Welfare Trust. Therefore it was decided by the Trustees that it was time the Welfare Trust became more proactive and visual. We have begun to do this by creating our own Website, an annual news letter will also soon be available, and we are also actively recruiting more volunteers around the country to provide a broader network of knowledgeable people to help with the services we offer. A recent example of the Welfare Trust new system was the rescue of a very young dog puppy called Arnie whose story you can read elsewhere in this publication. He came to us following a phone call from a sympathetic Vet who was not prepared to put Arnie to sleep. The vet had recently heard about the Welfare from a local animal Shelter we had been involved with earlier, and, as a result, Arnie was handed over to the Trust. He was picked up and transported by Trust volunteers over one hundred and fifty miles where he received the care and special attention he needed and finally a loving, safe forever home.

The Welfare Trust continues to need more volunteers in various parts of the UK to expand our network. We need help with transport, home visits, assisting Frenchie owners in need of short term help, picking up Frenchies coming into Welfare, fostering, whether long or short term, liaising with local animal shelters who may take in Frenchies, or helping to promote the name and the work of the Trust within their local area.

Whilst the 'flavour' bubble will eventually burst, it is the French Bulldog Welfare Trust and its volunteers that will continue to deal with the fallout. Why not get in touch and find out more about how you can help. *Mick Gordon*

Photographed celebrating their 13<sup>th</sup> birthday together on 5<sup>th</sup> April 2010.

Cassie and Theo were born here at Tommyville on 5<sup>th</sup> April 1997, and thanks to the kindness of Neil and Jackie, Cassie stayed with me until she died on 26<sup>th</sup> July 2010. Never a show dog, she was always Head Girl here and kept her family in order without a cross word. She was my guard dog, my long-walks dog, my hunting dog, my keep-the-neighbourhood-clear-of-cats dog, and my bed dog. For over thirteen years she was my adored and adoring companion and I miss her so very much.

## Norway Trip

I was absolutely thrilled when I was invited to accompany Maureen Bootle (Tommyville) and Wendy Henderson (Bumbledor) to Norway for 4 days. As I have only had the breed for 5 years I saw it was a great opportunity to learn and experience more about the breed and in such great company, so I accepted.

We were to stay with fellow breed enthusiast and talented breeder Kari Bjornsen (Babybull) at her home in Norway and we were to attend 2 shows. The first, on the Saturday, was an all breed general championship show and the second, on the Sunday was the Breed Club's Autumn championship show.

We set off on the Friday and were greeted by Kari at the airport. She had planned a packed weekend of Frenchies, food and great company, and we wasted no time that evening in going to see a litter of lovely brindle puppies at a nearby breeder's home.

Early on Saturday morning we travelled to Rogaland International Championship show where Finnish judge Harry Tast officiated. From the ringside one of the first things I noticed was how the Frenchies there are very much family dogs before show dogs, no benches and hardly any in crates and cages; simply just sitting on their owners laps and they were absolutely thrilled to see other Frenchies. It was as if they recognised each other and it was a reunion from the last show they attended.

The judging there is a lot different to ours. I did wonder why some dogs were coming out of the ring just after being assessed and the owners had a blue ribbon in their hands. This meant that the judge has sort of dismissed them from the ring. The judge would explain in his written critique which every dog receives, his reasons for this, e.g. some we heard were excused for having light eyes. This meant that the judge wasn't going to consider them for a higher award, so off they went. I wonder what our judges would make of that or better still what would the exhibitors make of it? It seemed at that show a lot of dogs were excused, and the owners accepted it gracefully and came out with a smile

Best of Breed was a lovely pied bitch, really showy, named Zecudas French Temptress. She was the Swedish Junior World Winner 2010 owned by Elizebeth Olsen and Bjorn Leken. Res Best Of Breed was Temptress' litter brother, another pied, was Zecudas Forever N Ever, breeder-owner Meredethe Gjesiera.

The evening after the show, Kari, our hostess, was having her usual informal dinner party for Frenchie enthusiasts, which she holds every year for this special week-end. This was her 25th such gathering. Some guests were newcomers to the breed. She had also organised a raffle for which the guests and Kari had kindly brought prizes.

These prizes were very much sought after by us all ... Unfortunately luck wasn't with the English, but it was in a way, as all the money raised by the raffle was donated to our very own French Bulldog Welfare and it totalled £200 - an amazing achievement. The Scandinavian guests really didn't understand Welfare as there is no such thing in Norway or Sweden, so we told them what our welfare was all about. They were horrified to find out that Frenchies in our country need these sorts of resources, and just how bad it is probably going to get.

A great evening was had by all; we talked Frenchies into the small hours and we ate excellent food and drank fine wine.

Sunday morning was the Norwegian French Bulldog Club show where Bas Bosch officiated, and today I was asked to handle one of Kari's Frenchies. The Club show was held in a school playground and the wet weather accommodation was the bike shed, might sound odd but believe me it worked.

Bas Bosch had some really lovely dogs to go over. I was to compete in Champion Class with Int. Nor. Fin. UCh Nord.V-05 Babybull's Mandy, a gorgeous fawn, just coming up to her 7th birthday. There were 8 champion bitches in the class and we came 2nd behind Kari's other fawn bitch N UCh NV-08-09 Babybull's Ulla. Along with our blue ribbon for 2nd place we also received a pink ribbon meaning that I was to go back into the Best Bitch challenge even though I had been beaten. Bas Bosch thought her quality sufficient to be graded 'excellent' so she was able to be considered for Res Best bitch.

I recall a number of bitches in the ring, maybe 10 or so, and we were finally whittled down, and we did win 3rd Best Bitch. Kari won Best Bitch with N UCh NV-08-09 Babybull's Ulla and she went on to Best In Show.

Best Dog was Zecudas Phantom another brother of the Saturday's winners but this boy was brindle. BP was Sleepyhollows Lestat Delioncourt and BOS Puppy was Berberis Anita owned by Michael Glanzer & Jonas Kleveser (from Sweden). BV was Nor & Sw Ch Madiann Joy Of Scottie (bred in the UK)

We, the Babybull's, competed for Best Breeder along with 3 other teams - Joy Of, Go-Luna & Zecudas and we were delighted to win the best Breeder Group award. The judge made a highly complimentary speech to the ringside about the quality of the Breeder Group competition, saying they would stand out in any company anywhere in the world. It was an honour and privilege to handle Mandy and we did her owner/breeder proud.

Monday we were returning home, but not before a lovely lunch and a spot of shopping in Kari's hometown, Stavanger. One of us bought a very large solid silver sitting Frenchie pendant!

I had a fabulous break away from the hustle and bustle of family life, and a relaxing time with Frenchies, Dog Shows and excellent company.

## I will lend you a French Bulldog

I will lend to you for awhile, a French bulldog pup God said  
For you to love him while he lives, and mourn him when he's dead  
Maybe for twelve or fourteen years, or maybe two or three.  
But will you, till I call him back, take care of him for me?

He'll bring his charms to gladden you, and should his stay be brief,  
You'll always have his memories as solace for your grief.  
I cannot promise he will stay, since all from earth return  
But there are lessons taught below I want this pup to learn.

I've looked the whole world over in search of teachers true,  
And from the folk that crowds life's land, I have chosen you.  
Now will you give him all your love, nor think the labour vain,  
Nor hate me when I come to take my Frenchie back again.

I fancied that I heard them say "Dear Lord thy will be done".  
For all the joys this Frenchie brings, the risk of grief we'll run,  
We'll shelter him with tenderness; we'll love him while we may  
And for the happiness we have known, forever grateful stay

But should you call him back, much sooner then we planned,  
If, by our love, we've managed, your wishes to achieve,  
The memory of him and his love will help us while we grieve,  
When our faithful bundle departs, this world of strife  
We'll have yet another Frenchie and love him all his life.

## **Introducing Puppy Buyers to Breeders**

The Club's committee have decided to start a scheme for introducing would-be puppy buyers to breeders (club members) who have young stock available. I have agreed to do the introductions. For the scheme to work as efficiently as possible, please note the following guidelines for breeders:-

Let me have the details, preferably by telephone, of puppies available. If I cannot answer immediately, please leave a message and your number-preferably not a mobile- and I will get back to you. Have available the puppies' date of birth, numbers of males and females, colours and dates for collection. When you have homed all your available puppies, please let me know. If we meet at a club event, you can supply these details in writing. The price asked for puppies is a matter between seller and buyer.

The Club cannot take responsibility for the accuracy of any information supplied by breeders to would be purchasers.

If you are looking for a French bulldog puppy, please also get in touch with me; using, if possible, the link on the club's website, and I will phone to let you know of any available. It will pay to be as flexible as possible about sex and colour but your location is obviously important, as well as the distance you are willing to travel

## MIDLAND & NORTHERN COUNTIES FRENCH BULLDOG CLUB CHAMPIONSHIP SHOW.

Arkwright Town Chesterfield 26.09.10

BCC & BIS: Chapman & Conways Norcairn Dark Angel JW ShCM, DCC & RBIS Kralls Jafrak Pistols At Dorn  
Judge Mrs M Bootle, RBCC & BV Birks Ch Birique Prinzessen & BPIS Chambers Glenlee Indian Spirit At  
Luvum

Thank you to all those who voted for me to judge this show; I was honoured to have so many lovely dogs to go over. My decisions were accepted in a very sporting manner by exhibitors and spectators alike. The girls outshone the males, and I could have happily awarded CCs to 10 deserving bitches. I have recently bemoaned lack of muscle in many exhibits; this was not so today. Overall quality was very good, soundness prevailed and most of the exhibits were in good, hard condition. On the down side too many exhibits had spread feet and long nails. A few were noticeably slab-sided, lacking any spring of rib, and one had a level bite. I had two hard working and efficient stewards and my thanks to them. The lighting in the hall made eye colour a little difficult to assess.

MPD 4 (0). 1. Tilley's Mossport Michelangelo. The oldest and certainly the most mature in the class. Sound brindle boy with promising head properties, especially good ears, his eye could be darker. He is balanced but I hope he doesn't get any bigger. 2. Girling's Ageancourt New Moon. Just over 6 months and still very much a baby. Super bone and substance for his size, so well balanced, cobby and moved with aplomb. Oozing promise. 3. Worsley's Ageancourt Eclipse over Malpa. Well marked pied, litter brother to 2. Also very shapely with enough roach, still a little loose on the move, straight front and tight feet. His head needs time. Three promising babies.

PD 2 (0) 1. Sygrove's Robeta's Storming Wind. Beautifully balanced solid brindle boy. Enough bone, good front, compact feet and short nails. Correct top line, good rib cage, and muscular. Promising head. He moved well and was well presented. To be hypercritical I would like a less harsh coat. BPD 2. King & Bates Brandoux's Theoux. A larger puppy. Lovely ears, broad skull with plenty of work in his head giving a lovely expression. He did not like moving today.

JD 10 (1) A very good class overall. Krall's Jafrak Pistols at Dorn. A cracking muscular fawn dog, balanced, sound with a super head, lovely shaped eye, well set on and well carried ears, which he used to great advantage. Broad wrinkled skull, good fill under the eye, open nostrils and a wide muzzle with good sweep of under jaw giving a great square head set off by the darkest of masks. Arched neck. Good bone for his size, lovely deep wide front – plenty of heart room. Enough hind angulation. Lovely smooth coat. Sound as a pound, and put down to perfection. I would like a slightly less pronounced roach but the rest of him is oh, so good. CC and BOS and res BIS. 2. Keates' Nokomis Lone Wolf. This was The Dog the Judge Would Most Like to Take Home! My notes say – What a Joy! A lesson in Frenchie character, truly clown-like and vivacious. He is a cobby compact brindle Frenchie, with super bone and substance. Good wide front, and so sound on the move. Lovely square head and expression. Not so mature as my winner. This little dog thoroughly enjoyed his day, and the spectators loved his antics. 3. Birks Birique Zylabull. Another very promising youngster with a super square head, well set ears and Bible black eyes. Correct top line, bone and substance. Very sound and an excellent little showman. Lovely coat texture and in great condition. Not yet as mature in body as those above.

YD. 2 (0) 1. Worsley's Son of a Preacher with Malpa. A dark brindle boy with good bone, nicely roached back and correct tail. A wide skull, slightly nose at this stage. He moved well and was well presented. Feet could be tighter and nails darker. 2. Eskrett's Grandesign's Pole Position. A lovely coloured brindle, good neck and head but would like a darker eye. A shade long cast but correct roach and very sound mover.

ND 2 (0) 1. Birk's Harrowhill Sovereign Birique A really super young dog, very light brindle. A grand head, square, with a deep wide underjaw, well filled muzzle and super ears. Strong arched neck and a shapely cobby body. Super bone and substance. Super straight front, tight feet, deep, wide chest. Good topline. He is small but so masculine. Great on the move and a very promising young showman. 2. Waltham's Grandesign Checkmate von Dringshaw. A brindle boy with a very good head and expression. Good neck, a little rangy in body. Very sound on the move.

GD 5 (2) Three quality Frenchies. 1. Bryant's Risethor Tiger Tiger. Wonderful breed type. Ideal size, correct brindle colour, lovely bone and such a compact, cobby little chap. Super head, wide skull, classic ears, round, eye, wide muzzle and a typical Frenchie expression. Strong neck. He is still young and will mature a little more yet. A cracking Frenchman. 2. Eskrett's Ranacani Riddick Stower. A very balanced, sound fawn boy, up to size, but has a great head. He showed very well, and is full of enthusiasm taking a great interest in the proceedings. A little more spring of rib would improve the overall picture. 3. Pipers Ageancourt Jimson Weed at Heidsieck. A light brindle boy, ideal size and a lovely head. Fabulous Frenchie expression. Wide skull, well filled foreface, wide muzzle, good nose and lovely bat ears. Good substance and bone. Feet could be tighter, and his movement was a little erratic today.

PGD 4 (1). 1. Smith's Obarna's Mettvadders Merlin (Swe. Imp.) A well balanced brindle dog, full of quality, and very good on the move. Enthusiastic, attentive showman who has all the essentials. Very good head with width all through and topped off with good ears. Excellent size and shape of eye giving a good expression. Good feet. Well up to size and perhaps a shade overweight. 2. Howarth's Gzyjo Mr McCloud. JW. One I have always admired from the ringside, and I preferred his size to 1, but today in he was in non-co-operation mode and simply would not make the best of himself. A lovely size and type, super brindle colour, and a very shapely body. He moved to perfection. He had a masculine head but sadly was not using his ears. Really good type. 3. Dealaselle's Kenocto Bundle of Fun. A very good headed fawn, with a dark mask. Fun loving personality and moved very well. I would like more weight over his loins and a fraction more spring of rib. Big enough.

MLD 1 (0). 1. Welsh' Feniton Fineas Fogg over Desrebtas. A striking, handsome hooded pied with a clear coat. Well muscled, full of life and presented on top form. Shapely body with good front and quarters, moved well. Wide skull, well shaped well carried ears, but I would like more cushioning under the eye and a bit more width of muzzle.

LD 8 (3) 1. Greensmith's Gzyjo Remisson with Nachadbe. Another striking hooded pied, put down to perfection. Ideal size, very typey and balanced overall. Enough bone and good straight front, and moved beautifully on a loose lead. In the final line up I felt he needed more substance overall. 2. Birks Birique Yungun. A super brindle boy, balanced, really sturdy and ideal movement. Heavier in bone and more substance than 1, but really not co-operating with his owner and looking unhappy. Splendid head properties, wide skull, plenty of fill under the eyes, and good wide nostrils and a broad muzzle. Sufficient hind angulation and wide deep chest and straight front. Great ribs, deep wide chest. Classic tail. 3. Gordon's Rustibee Maximus, another super Frenchie who refused to co-operate but his quality cannot be denied. Ideal size and type, lovely smooth, shiny brindle coat. Really shapely, muscular, compact body with enough roach, spring of rib and cut-up. Lovely head properties but his nose was glued to the floor most of the time.

OD 1 (0) 1. Smith's Ch. Sarabar Spirit in the Mist. A full-of-himself fawn with a black mask. Really well muscled, good bone and so sound on the move – another who moved freely and well on a loose lead. Straight front, good hindquarters, and a lovely head, splendid in profile. I liked him so much, but felt he could have carried a bit more weight over the loins today. Res CC.

VD 2 (1) Birk's Birique Prinzregent 8 year old fawn boy, in tip top condition, muscular, very shapely body. He did not look or behave like a Veteran. Moved beautifully. He has a super masculine head and expression and shows to perfection. BVD

Sp. OFD 1. (0) 1. Kenocto Bundle of Fun

Sp, OBr.D 2 (0). 1. Smith's Ch. Ageancourt Foxglove. Lovely brindle colour, sturdy balanced dog with a straight strong front, shapely body and a pleasing head. Moved and showed like the champion he is, but feeling the heat a little and perhaps not quite so sprightly as he used to be. However, a really typey Frenchie. 2. Wood's Zon Mirekl Stanley at Delightbull naf (Imp Rus). A little brindle fellow with a lovely head. He is not at all enthusiastic about this showing lark but has all the essentials. I would like more substance.

MPB 8 (2) My first three were all just 6 months old. 1. Cook's Nkunde Carry On Well balanced brindle girl, who is very shapely with a lovely topline. She has a very promising feminine head with a divine expression. She has a smooth coat, moved and showed well, but I don't want her any higher on the leg. 2. Ollier's Ageancourt Midnight Sun. Not so mature as 1, but a lovely compact shapely baby. Plenty of substance for her size, just enough bone, Wide skull and promising foreface. Could be tighter on the move, but she is very young. 3. Hatchman & Swifts Convica Russian Doll. Another with a shapely compact cobby body, good bone and promising head. A lovely puppy who hated every minute of her time in the ring.

PB 4 (0). 1. Chamber's Glenlee Indian Spirit at Luvum. A cracking puppy. Super fawn colour with the blackest mask. She has a square head with a broad wrinkled skull, correct nostrils, round eye, lovely sweep of underjaw, the whole topped off with well carried ears. Good bone, sturdy body with lovely rib cage, and wide chest, but please don't let her get any fatter. BP. 2. Hines & Ashards Bredwardine Rydyah Well balanced brindle girl with a really promising typical feminine head. Structurally sound, shapely and typical movement. Just enough bone. 3. Embley's Glenlee Sacred Spirit. Feminine fawn baby, lovely size, compact shapely body, great bone, and one of those super heads expected from this kennel. Would like tighter front and feet, but overall a lovely puppy.

JB 6 (1) 1. Beale's Kargrays Diamond Dazzler A very shapely light brindle, mature for her age. Good topline, deep wide front, good rib cage – plenty of heart room. Enough bone. Sound mover. I would have preferred darker eyes and nails, but overall a lovely young Frenchie. 2. Howarth's Gizyo Miss Fredrique. All the dogs I saw from this kennel moved exceptionally well. This bitch was a joy to watch as she stepped out – no stringing up here. Very shapely body with strong muscular quarters. She could fill a little more in foreface, but her head is otherwise very good, and she uses her well shaped ears to advantage. She has a super, smooth, almost mahogany brindle coat. 3. Keates' Nokomis Prairie Flower. Another balanced brindle girl, a super mover. She shows off her lovely head properties so well, has a lovely arched neck and great front. I would like a little more substance. She has a lovely topline and the finishing touch is a classic tail.

YB. 5 (2) 1. Hammond's Living Next Door to Alice. Half sister to the comedy turn in Junior Dog, and a real comedienne! She is spirited, affectionate and full of fun. She is also one of the best muscled Frenchies I saw all day, so sound, and an ideal size. She has a lovely head, square but feminine and the most alert, engaging expression and super ears. I wish she had just a little more substance, but she is a cracking little dog overall. 2. Forster's Zon Mirekl Nikita at Kaiserstaffs. A pied with a lovely clear coat and black eye rims, dark eyes and lovely eye shape. She has a broad skull with well set ears on top. Good overall substance, great rib cage, and very sound on the move. Showed well. Would like tighter feet. 3. William's Dalspa Devine Miss Emm. Another well marked pied, half hooded. Black eyes. Would like more width of foreface, splendid ears. Well balanced overall, muscular, straight front and quarters, and a wide brisket. Shows herself to advantage.

NB 3. 1. Fisher's Grandesign Photogenic. Ideal size and type. Shapely body with wide rib cage, cut up and neat roach. Good front and strong quarters. A lovely head, good layback, well filled foreface, correct nostrils and an appealing feminine expression. Very sound on the move and well presented. 2. Z.M. Nikita at K. 3. Swateridge Skybull Marie Antoinette Xentique. Beautifully presented, well marked hooded pied with a good front, bone and feet. A little straight in stifle and up to size. Good head, with really super ears which she uses. Sound movement.

GB 2. (1) 1. Evan's Tillcarr Eleanore A shapely brindle girl with a pretty feminine head, lovely round eye and good lay-back. Deep, wide chest and well shaped ribs. Very showy lady but a bit erratic on the move.

PGB 10 (3) 1. Souter's Greusaiche Daydreamer A smart dark brindle lady with a really splendid head, good width throughout, a lovely full round eye, and ears which she used well. In excellent condition overall, lovely front and quarters, sympathetically handled and sound movement. 2. Dealaselle's Rossballs Sugar Butty A light brindle shapely bitch with sufficient bone, straight wide front, good head qualities, especially good in foreface. In hard condition. Rather a reluctant show girl. 3. K. Diamond Dazzler

MLB 5 (2) Chapman & Conways Norcairn Dark Angel JW ShCM . A lovely quality youngster; her head is so well finished. Wide skull with super shaped ears which she uses well, plenty of fill in her foreface, good lay back and a super profile. Strong neck, and well proportioned body with a lovely roach, cut up and good quarters. Her front is straight and her pasterns sound with good feet. She makes the best of herself in the ring, personifying health and vitality. In a fantastic line up of bitches in the challenge her type, balance and I Rule The World attitude could not be beaten. CC and BIS. I believe this makes her a champion. Well done. 2. Howarths Gizzyjo Palamino A very shapely balanced fawn lady. A lesson in correct movement. Good bone, substance . Lovely feminine head properties. A very typey Frenchie with a delightful temperament. 3. Souter's Madainn Highland Miss Chief. A young veteran fawn who is very sound. A lovely head set off by great ears and a black mask. Well put together and moved soundly.

LB 10 (2). To look at the bitches in this class was Heaven, to have to place them was the opposite. Many glib remarks are made in critiques about good dogs going cardless but in this class alone I could have awarded 7 CCs, and that meant 2 cracking bitches left the ring and others were placed down the line. Possibly the best class of bitches I have ever seen. 1. Kendrick & Jones Acirema Lady Gemma. Excels for type and soundness and has wonderful bone. Lovely mover on a loose lead. Her head is so feminine with a wide skull, lovely eye shape and well filled fore face, and good lay back. She has lovely ears but she has to be persuaded to use them, and can lack sparkle. However overall she is a lovely quality Frenchie. Gave up completely in the challenge. 2. Smith's Sarabar Fantasy Dreamer A really beautiful fawn bitch, well made and balanced. Typical Frenchie head and expression. Compact shapely body with ideal bone and substance. Moved with a lovely Frenchie swagger, showed and presented to perfection. Not quite the hind angulation of 1. 3. Birks' Birique Xceptional . This lovely fawn girl was the most muscular in the class and is in wonderful hard condition. She personifies compact and cobby, and has a wonderful deep wide chest, and fantastic rib cage. Lovely bone, straight front and good feet. Her head is classic. Today she was not making the best of herself, I have seen her show so much better. I repeat, all these girls and four others in this class are deserving of their titles.

OB 3 (2) 1. Stood alone but a worthy winner. Wildman's Ch. Wildax Miss Moneypenny. Brindle girl in good hard condition. Enough bone and a wide front and tight feet. Lovely ribs and good strong powerful neck. Excellent ears and eyes and good deep underjaw. Makes the very best of herself at all times in the ring, and does all her handler asks of her. I preferred the topline of my CC winner.

VB 6 (2). All four were so fit and sound, in tip top condition - their ages ranging from 7 to almost 10 years. 1. Birks' Ch Birique Prinzessen. At 8 years old she remains a model for the breed, and is the type we should be aiming for. She is the correct size, has really good bone, straight front, tight feet, short black nails, and sound pasterns. Lovely deep wide chest, shapely ribs, narrowing just enough over strong loins and well angulated hind quarters. Her topline is classic and she has a good cut up and just enough tail. Her head leaves nothing to be desired and she is at one with her handler, watching his every move. Res CC 2. Keates' Ch Nokomis Clear n Sunny Water JW ShCM. Another star who still shines very brightly. Sound, balanced, a lovely head and very shapely body in super condition. Shows non-stop and does it all on a loose lead. 3. Souter's Madainn Highland Miss Chief.

Sp.OPB 2 (0) 1. V.M. Nikita at K. 2. Sakazoke Bebe Dior A well marked pied girl, who moved soundly and has good coat condition. She still has a lot of maturing to do and is rather rangy at this stage.

Sp.OFB 2. (1) 1. Souter's Madainn Highland Miss Chief

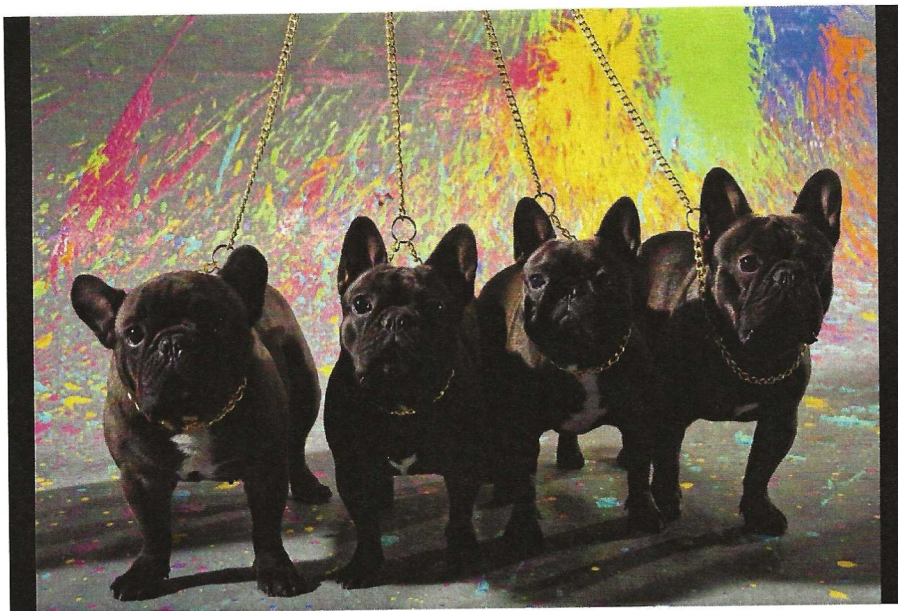

Sp.OBB. 7 (1) 1. Birks' Birique Treacle Puddin. Another 'lady of a certain age' who is in top form moving round the ring with tremendous style and presence. Lovely short, shapely cobby body, strong wide front, fantastic rib cage, and the most beautiful head with round coal black eyes, lovely width of muzzle, super underjaw and a melting expression. Good muscle tone and sound on the move. Scored on animation over 2. G.Daydreamer. 3. R. Sugar Baby.

## DIVA DOGS DVD

*In October we were asked to provide 4 French Bulldogs for the new Jesse J music video.*

*We had to go along to the Greenford Studios in Greenford (Funnily enough!).*

*The dogs were on gold chains and collars and had to stand still while Jesse mimed to her new song. (Do it like a dude)*

*The paint you can see in the picture was not dry so the dog's paws were all brightly coloured!*

*Originally they wanted a tiger, and then it came down to Rottweilers. Then the art director showed them his French Bulldog (that he had from us) and they decided to go with those.*

*The dogs were really well behaved and took it all in their stride as if they had always worked in studios!*

*So we await the music video!*

*Linda Quin and Sue Worrell*
